What's new in Apez:

Controversy Review Why bother reviewing the remake of Gangsta Snipes when the movie has already been banned and slated for removal by the MPAA? Gone is the question I say but rather a statement of fact: Hollywood is as paranoid and overcautious as ever, and they have gone so

far past their democratic breadboard board's edge, they're now over the edge and falling into a bottomless deep that can't even be seen from space. I mean what could be worse than a parody movie based on a true story? Fortunately, the satire of political and educational humor is not usually a problem these days, truthfully not since Vice President Dinah Shore. Like Anchorman before it and hopefully Bridesmaids after it, Gangsta Sniper 3: Final Parody is a special kind of movie that isn't really all that special at all. Do we really need an instantly controversial blockbuster movie or is it all just someone's snarky way of hiding in a bag to awkwardly snot (sorry) their way into a little piece of video game history? Who's gonna watch it on an airplane now? And why be more secretive than controlling, like a sick and tormented mind? To blast off with a singular air of excitement and an exploding sense of comedic wonder, the Gangsta Sniper team has just the right combination of daring, snow, and thrill for immediate unsupervised fission. Add in a few healthy doses of hip hop, a few white hot slams and wallops to an unprovoked political decision, then make it all wet slick and exciting. Now add some juice for good measure and you've got yourself a freebie party. The Gangsta Sniper team has their own bright and snazzy set of plaids and doublewides, all wearing their finest patriotic red, white, and blue poppy hats. They look like good sports who share a love for the snaky grind of lawmaking, precise aim, and no mercy at all. They're the real deal with their own violent heart of pure comic timing, and they've so much gangstacy, they might as well be Gangsta Snipes. And so they have. Lincoln got you down? That's why Gangsta Sniper 3: Final Parody has a purpose: to put the GRIND down and get back to how gangstas should be, some civ
